- *Nearest Cross Street*
- *Type of Structure (Building, fence, etc.)*
- *Original Color*

The City of El Centro through its Redevelopment Agency is excited to offer a Graffiti Removal Program. We are taking action to eradicate the graffiti that is a blight in our city. Residents and visitors can now call us to report locations where incidents of vandalism with paint or marker have occurred.

**Graffiti removal is available within residential and commercial areas in the city limits of El Centro.**

## ***DID YOU KNOW?***

The El Centro City Ordinance places responsibility for graffiti clean-up on property owners. However, due to the large volume of graffiti occurring in the city and the costs associated with the cleanup, the El Centro Redevelopment Agency has funded a Graffiti Removal Program. This was done in an effort to assist the residents of El Centro with the financial burden associated with the removal of graffiti and to improve the aesthetics of our city. The City welcomes and encourages residents and businesses to become actively involved in graffiti abatement.
