City of El Centro FCC complaint against Charter Communications open to public comments through April 16

El Centro, Ca - The City of El Centro has filed a formal complaint against Charter Communications, Inc., also known as Spectrum, with the Federal Communications Commission (FCC) declaring that Spectrum failed to properly notify the City before removing local channels on Feb. 2, 2018 and requesting penalties and rebates to subscribers. After the end of the public comment period, the cities may respond before the matter goes to the FCC for consideration.

On March 27, 2018, the FCC opened the proceedings for public comment. The FCC encourages comments from subscribers and the public on the City of El Centro's complaint. To make it easier for subscribers to comment, the City will gather all comments and provide them to the FCC on April 16, 2018.
