2020 Streets Maintenance & Rehabilitation Improvements Project Update

El Centro, Ca. December 1, 2020 – The City of El Centro's 2020 Streets Maintenance & Rehabilitation Improvements Project ("Project") is currently in the construction phase. This Project was designed and competitively bid by the City's Engineering Division. The Project was awarded to Onyx Paving Co. on August 4, 2020, and work started on October 12, 2020.

The project will provide maintenance and rehabilitation pavement treatments to help prolong the integrity of 14.2 miles of arterial, collector, and local streets throughout the City of El Centro.

The streets were selected through an engineering analysis, which is assisted by our pavement management system (PMS) program, StreetSaver, and taking into consideration comments filed by the public to the Engineering Division.

StreetSaver is a program that involves surveying all of the roadways in the City's network for pavement condition. StreetSaver analyzes the collected data and prioritize the streets that require maintenance based on the available budget. Once StreetSaver compiles the recommended streets, City Staff evaluates the recommended streets to develop the project. The project will consider the existing conditions of the recommended streets, the most cost-effective repairs, the available budget, and the appropriate maintenance treatment.

The following streets were selected for this year's improvement project:

- 5th St. from State Ave. to Park Ave.
- Ross Ave. from Lotus Canal West to City Limits
- Pepper Dr. from Cottonwood Dr. to Imperial Ave.
- Adams Ave. from La Brucherie Rd. to Imperial Ave.
- Brighton Ave. from Imperial Ave. to 8th St.
- 10th St. from Brighton Ave. to Vine Ave.
- 8th St. from Danenberg Dr. South to City Limits
- Holt Ave. from Imperial Ave. to 10th St.
- 8th St. from Oleander Ave. to Adams Ave (SB1 Funded)

- Heil Ave. & Lenrey Ave. from 6th St. to 5th St.
- Lenrey Ave. from 8th St. to 7th St.
- Sandalwood Dr. from 7th St. to 5th St.
- Olive Ave. from New St. to 1st
- Fairfield from Orange Ave. to Holt Ave.
- McCullum St. from Main St. to Orange Ave.
- Holt Ave. from 2nd St. to 1st St.

Along with various streets within the following subdivisions:

- Buena Vista Subdivision
- Countryside Subdivision
- Ross Park Subdivision
- Desert Estates Subdivision

The schedule work is tentatively scheduled to be completed by January 29, 2021.

We will continue to update the public and our citizens as work happens throughout the City, and extend a "thank you" for your patience during this work.

This work is brought to you by #Measured #SB1

If you have any questions regarding this update, please contact the City of El Centro, Engineering Division at 760-337-5182.
