

CITY OF EL CENTRO

INFRARED THERMOMETER PROGRAM

The City of El Centro has received CARES Act funding from the Department of Housing and Urban Development through the Community Development Block Grant Program to assist the community in preventing, preparing for, and responding to the COVID-19 pandemic. The El Centro City Council approved for a portion of the funding to be used for the purchase of infrared thermometers to be distributed to local businesses to assist in facilitating the safety of their employees and customers.

Any business accepting an infrared thermometer from this program must certify that it will be kept at the business for which it has been provided. Periodic monitoring of the business by city staff will be done to ensure that the thermometer remains on site.

Name of Business: _____

Address: _____

Business Phone No.: _____

Business License No.: _____
